anaxDENT

Material Safety Data Sheet According to 91/155 EC

Trade name: MATRIX Flow 56 violett 2x50 ml (A)

Printing date 08.01.2010

Version 1

1 Identification of substance:

- Product details:
- Trade name: <u>MATRIX Flow 56 violett 2x50ml (A)</u>
- Article number: 72007056
- Application of the substance / the preparation: use for fabrication of high-precision dental imprints of the oral situation
- Manufacturer / Supplier: anax dent GmbH Olgastrasse 120A D-70180 Stuttgart Tel. 0049 711 620092.0 Fax 0049 711 620092.29
- Further information obtainable from: Mr. Andreas Kopietz

2 Composition / Data on components:

Chemical characterization

Description: mixture of platinum in polymethyldisiloxane, inert weight and plasticizer

- Dangerous components: not applicable
- Additional information: Platinum (CAS-Nr. 068478-92-2)

3 Hazard identification

- Hazard description: Direct contact may cause a slight irritation of the eyes.
- Specific risks: The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations in the EU" in the latest valid version. The product does not contain hazard specifying contents, which are listed in section 2 with the particular concentration in the sense of EU Guideline 1907/2006. Considering the advised disposal considerations (see pt. 13) and the local / national regulatory directives, there are no environmental / ecological problems to be expected.
- Classification system The classification is according to the latest editions of the EU-lists, end extended by company and literature data.

4 First aid measures

- General information:
- After inhalation: No special measures required.
- After skin contact: Dry with an absorbent and soft cloth, then wash with water and soap.
- After eye contact: Rinse opened eye immediately for ca. 15 minutes under running water.
- After swallowing: Consult a doctor immediately. If the concerned person is conscious, do not allow to eat or drink sth. before it is medically allowed/adviced.
- Clothing: No special measures required.

5 Fire fighting measures

- Suitable extinguishing agents Foam, fire extinguishing powder, water spray, CO².
- For safety reasons unsuitable extinguishing agents: not known.

	carbons, alpha-aromatic hydro carbons (toluol, xylene), chloric solvents.
•	Viscosity: ca. 30 Pas.
10 Sta	bility and reactivity
•	Thermal decomposition / conditions to be avoided:
-	No decomposition if used according to specifications and at room temperature.
•	Materials to be avoided: heavy oxidizers.
•	Dangerous reactions or decomposition products: not known.
11 Toy	cicological information
•	Acute toxicity: DL 50 dermal (rat) ►2000mg/kg
-	DL 50 oral (rat) ► 2000mg/kg
	Known effect from other similar products.
	Primary irritant effect:
	• on the skin: not irritating
	 on the eye: not irritating
•	Sensitization: No sensitizing effects known.
•	Practical experience:
	We are not in receipt of toxicological informations about the product or individual
	components. Use the preparation in accordance to the usual hygiene- and
	precautionary measures. There is no suspect of toxicological problems when proper
	handled and used according to the application.
12 Ecc	logical information:
•	General notes:
	Use the preparation in accordance to the usual hygiene- and precautionary
	measures. Lead the consumed product to proper disposal.
•	Do not allow to enter drains, water or sewage system.
•	Persistence and decomposability: biological persistent.
•	Bioaccumulation potential: low bioaccumulation potential.
•	Product disposal: deposit and soil.
13 Dis	posal considerations
Pro	duct:
•	Recommendation:
	Uncatalyzed product: Dispose of adhering to the official regulations at a waste
	deposit.
	Catalyzed product: A modicum is allowed to be disposed of with the normal
	consumer waste.
•	Do not allow to enter drains, water or sewage system.
Un	cleaned packaging
•	Recommendation:
	Remove remains mechanically or drip off liquid leftovers thoroughly.
	Then dispose of adhering to the official regulations.
	nsport information
•	Land transport ADR/RID (cross-border)
	ADR/RID class: -
