

The Seven Deadly Sins of Landing Page Design

Webinar with Tim Ash

The background of the image is a dense, overlapping pattern of US dollar bills, including \$100 and \$50 bills, rendered in a dark, monochromatic grey tone. The bills are scattered across the entire frame, creating a textured, financial backdrop.

How You See Your Web Marketing...

A black and white photograph of a grand building entrance. The image features a wide, symmetrical staircase leading up to a dark, recessed doorway. On either side of the central path, there are large, fluted columns supporting a balcony or upper level. The architecture is classical, with multiple steps and ornate railings. The lighting is dramatic, with strong shadows and highlights, creating a sense of depth and grandeur. The overall tone is professional and sophisticated.

A black and white photograph of ancient stone ruins. The image shows a large, weathered stone wall with several rectangular openings or niches. In the background, more ruins and a hazy sky are visible. The text "... Your Visitors' View" is overlaid in white on the right side of the image.

... Your Visitors' View

The 7 Deadly Sins of Landing Page Design

A grayscale photograph of a person's eye peering through a circular hole in a piece of weathered wood. The wood grain is prominent and runs vertically. The eye is looking slightly to the right. A large white number '1' is overlaid on the left side of the image.

Using testing to reveal hidden conversion opportunities

As an Internet user, how often have you searched for a specific item only to end up on a generic landing page? With little more than three seconds to make an impression on the visitor, interactive marketers need to make sure that their landing pages create immediate engagement.

This webcast and guide discusses strategies that empower marketers to optimize every element on a landing page, presenting ideas and best practices to improve content relevance. Adobe customer, Salesforce.com provides real-world examples of how they have optimized their landing pages using analytics, testing, and targeting to achieve quick wins and deliver a more relevant user experience. You'll also get tips and strategies that you can use today to create a culture of testing and web page optimization at your organization.

This [webcast](#) and [guide](#) will review:

- Five tips to run an effective test
- Practical steps to optimize your landing pages
- How Salesforce.com uses testing to increase leads by 57%

If you're not optimizing and testing on your website, you may be missing a huge opportunity to increase conversion. Download this webcast and guide today to get actionable tips and strategies to create a testing and optimization culture at your company.

Congratulations!

You just discovered the largest & coolest online piano warehouse on planet Earth. We believe this! Choose your piano from our website, or come visit our massive warehouse. For 25 years Rick Jones Pianos has specialized in bringing great used and new pianos to the greater Washington-Baltimore area, and the entire U.S.A!

You will save a fortune and get the best warranty available anywhere in the country. We are conveniently located and easy to find, only one mile from I-95 and [The Capitol Beltway](#). Please browse the piano galleries to see prices, watch the video demos and call us toll free at 1-800-466-2198 with any questions. We deliver pianos door to door nationwide!
