Dress your altar with pink and white aesthetic to amplify the vibration of love.

Light a fire/candle to burn your manifestation/wishes in

collect

materials that represent the 4 sacred elements. Tonight you will be working with all 4 (5 including spirit)

POWER PORTAL

I release:

I declare:

I manifest:

I forgive:

I let go of:

During your moon ritual and earth prayer, work with sacred elements in order starting at North. Place a candle in all 4 directions. Light a candle as you go. Ground yourself with feet on the soil or hands in soil or touching a plant.

Place objects that represent the sacred elements, in their positions.

Print out, cut and place on your altar so you can read and meditate on each element as you go. Each element has a different colour associated with it, so you may want to colour them in as well.

To the North, I harness the power of the earth to nourish, protect and empower me.

To the East, I harness the power of air to enhance my wisdom, memory and communication.

To the South, I harness the power of Fire, to ignite momentum, courage and inspiration.

To the West, I harness the power of water, to deepen my dreams, intuition and healing powers.

To the centre, I connect to my spirit to remind me of my inner magic, my divine spark and connection to all that is.
